

# Williams Opal LO2USS-HC Hydrocarbon 2 Door Freezer

**\$6,783.86** +GST

Williams Opal LO2USS-HC Hydrocarbon 2 Door Freezer is designed for the busy kitchen environment and offers exceptional performance, efficiency and reliability. William hydrocarbon range uses environmentally friendly R290 gas as hydrocarbons are better for the environment and naturally occurring, highly efficient refrigerant gasses which have almost no negative impact on the environment. It features an entirely new body because it ventilates through the front, can fit into the tightest of spaces.

## Description

## Williams Opal LO2USS-HC Hydrocarbon 2 Door Freezer

- Two door Opal series 1/1 Gastronorm under counter storage refrigerator,
- Stainless steel interior and exterior excluding rear and under,
- Dimensions : 1418mm W x 700mm D x 850mm H (on castors),
- R290 Refrigerant,
- Removable cassette style forced air refrigeration system for service ease,

- R290HC gas type, the hydrocarbon used by Williams, is pure propane. Its thermodynamic properties are so superior that it reduces energy consumption by up to 15% compared to standard refrigerants,
- Hydrocarbons are better for the environment Hydrocarbons (HC) are naturally occurring, highly efficient refrigerant gasses which have almost no negative impact on the environment,
- Easy access to front mounted condenser coil for monthly cleaning,
- Front breathing condensing set – can be placed in a corner,
- Adjustable electronic controller with digital temperature display,
- Auto Defrost utilizing energy efficient waste heat recovery vaporiser,
- 2 x adjustable plastic coated 1/1 Gn shelves and 2 pairs of anti-tilt tray slides/door,
- Solid doors,
- Face mounted hinges (plinth mount ready),
- Designed for 43°C ambient temperature,
- On heavy duty swivel and brake castors
