The Skipio SGC-1500F 16 Flavours Gelato Display is a high-quality refrigeration unit designed specifically for showcasing gelato and other frozen desserts. With a width of 1547mm, this display case offers ample space for displaying up to 16 different flavors of gelato, making it an excellent choice for larger gelato shops and ice cream parlors. The glass front of the unit provides customers with a clear view of the products inside, making it easy for them to select their favorite flavors.

Description

The Skipio SGC-1500F 16 Flavours Gelato Display case is built with durable materials and features a robust design that is built to last. The unit features a digital temperature control system that allows you to easily set and maintain the temperature of the display case, ensuring that your gelato stays at the perfect temperature for serving. The efficient cooling system circulates cool air evenly throughout the unit, keeping your gelato fresh and delicious. Additionally, the case features a built-in LED lighting system that beautifully illuminates your products, making them even more attractive to customers. Overall, the Skipio SGC-1500F 16 Flavours Gelato Display is an excellent choice for businesses looking to showcase their frozen desserts in an
