Panasonic NE-SCV2 Fast Cook Convection Microwave

The Panasonic NE-SCV2 is a medium-powered commercial convection oven that provides the ideal solution for bustling venues; enjoy simple cooking, toasting, baking, grilling, and reheating for a wide range of fresh or frozen foods, such as sandwiches, pastries, pizzas, vegetables, and meat. If you're looking for the ultimate cafe or restaurant microwave - you've found the answer.

The Panasonic NE-SCV2 commercial speed oven sets itself apart from other commercial convection oven microwaves by boasting easy touch-panel operation and guarantees maximum flexibility as it easily fits on a small worktop thanks to its compact profile. In addition, you can double your capability thanks to the stackable option which allows you to add a second oven without using any additional working space.

Now comes with a 2-year warranty - contactless delivery available Australia-wide.
