Introducing the Turbo Air K-Series KR25-1G-N(HC) Single Glass Door Top Mount Refrigerator, a perfect combination of style and functionality for your commercial needs. With its sleek glass door design, this upright fridge offers a visually appealing display of your products while ensuring easy access and visibility. The top-mounted configuration maximizes storage space, while the digital temperature control system and high-tech monitor allow precise temperature adjustments between 1° and 8°. The self-cleaning condenser keeps the refrigerator operating at peak performance with minimal maintenance. Powered by HC(R290) refrigerant and featuring a hot gas condensate system, this refrigerator is environmentally friendly and energy efficient.

## Description

The Turbo Air K-Series KR25-1G-N(HC) Single Glass Door Top Mount Refrigerator is a high-quality commercial refrigeration unit designed to meet your storage needs. With its glass door and top-mounted configuration, this upright fridge offers visibility and easy access to your products.

Equipped with a digital temperature control system, you can easily adjust and monitor the internal temperature of the

Commercial Fridge and Freezer Sales Australia. All product images are provided for illustration purposes only. All specifications are subject to manufacturer changes without notice, so please check on the manufacturer's website for current product data.

refrigerator to ensure optimal storage conditions. The high-tech monitor provides real-time information about the operating status, ensuring reliable performance.

This refrigerator features a self-cleaning condenser, which helps prevent dust buildup and maintain energy efficiency over time. It utilizes the environmentally friendly HC(R290) refrigerant, known for its low impact on the environment. The hot gas condensate system prevents condensation and enhances the overall efficiency of the unit.

With a capacity of 574 liters, this refrigerator offers ample storage space for your products. The inner temperature range of 1° to 8° allows you to store a variety of items while maintaining their freshness. The ventilated cooling system ensures consistent airflow throughout the cabinet, preserving the quality of your stored goods. The high-density and CFC-free polyurethane insulation further contribute to energy efficiency.

#### Turbo Air - Digital Temperature Control System

1 Glass door Upright Fridge

Top mounted

High-Tech Monitor

Self Cleaning Condenser Applied

HC(R290) Refrigerant applied

Hot Gas Condensate System

Capacity- 574L

Inner Temps 1 to 8

Ventilated Cooling

High-Density and CFC free Polyurethane Insulation

Adjustable, Heavy Duty, PE Coated Wire Shelves

Stainless steel exterior and Interior

Digital Controller and Display

Refrigerant R-290 Amps 2.0, Power-w 300

Dimensions 640x850x1926mm Inc Castors

Weight 87kg

220V-240v/50Hz/1, 10amp Australian Plug

3 Adjustable shelves included

## Additional Information

Country of Manufacture	Asia
External Colour	Stainless Steel
Brand	Turbo Air
Model	KR25-1G-N
Warranty	3 Years on Parts and Labour
Temperature Operating Range C	1°~8°
Temperature Display / Control	Digital control
Climate / Ambient Temperature Rating	35°
Refrigerant	R-290
External Dimensions (mm)	640 mm (W) x 850 mm (D) x 1926 mm (H)
Capacity/Volume	574
Other Details	Turbo Air Self Cleaning Condenser Upright Top Mount on castors
Power Usage	280W
Door Information	Door hinged = RH
Packaged Dimensions (mm)	686 mm (W) x 956mm (D) x 2015mm (H)

Interior Lighting	Yes
GEMS & MEPS Approved	Yes
Manufacturer's Suggested Retail Price	\$4,270.00
