## Description

### Adler DWA2001 Pass Through Upright Dishwasher 1PH

The Adler DWA2001 Pass Through Upright Dishwasher is a commercial-grade appliance designed for efficiency and ease of use in high-traffic kitchen environments. Operating on a single-phase power system, it provides reliable performance with effective cleaning capabilities. The pass-through design facilitates smooth and efficient loading and unloading processes, enhancing workflow and productivity in the kitchen. This model is engineered for durability and heavy-duty use, featuring a robust construction and advanced cleaning technology to ensure sparkling clean dishes with every cycle. Ideal for settings where a high volume of dishware needs to be processed quickly and efficiently.
