Attractive product presentation is a crucial condition for drawing the customersâ€™ attention to products. These modern glass door

freezers in an attractive design offer real promotional advantages: The interior is fitted with twin side-mounted, vertical LED lighting to create outstanding illumination inside the cabinet. The glass door has a special anti-fog film treatment which significantly delays misting of its inside surface upon opening, allowing a clear view of the goods at all times. The new integrated air-deflection baffle, along with improved insulation, prevents water condensation forming on the outside of the door guaranteeing good visibility of products at all times.
